MAVEN - IELTS

International English Language Testing System

We are an institute based at Jodhpur preparing for IELTS Exam and are also Abroad Education Consultants. This is a mandatory exam to procure admissions outside India and also this exam can be taken if someone wants to take Permanent Residency (PR).

In my 18 years of experience, I have seen people coming up with an idea of this exam to be either very easy or very tough. We at Maven have introduced module based preparations for IELTS exam.

I would like to share five tips to prepare:

- 1) Vocabulary is the backbone of IELTS- LEARN IT
- 2) BBC is an amazing channel for preparation-LISTEN TO IT
- 3) Recall the incidences & experiences of your life, since childhood-SPEAK IT
- 4) Interest yourself in finding articles for your topics of interest -READ IT
- 5) Social, Political, Environmental Essays are one of the best ways to analyse your intellect- WRITE IT

These tips cover all the four sections of IELTS (Listening, Reading, Writing, and Speaking) with an unavoidable tool of Vocabulary. Our past records speak for our success, 350+ students have cleared IELTS with more than 6 Bands. 50+ students have got overall 8 Bands which marks the remarkable presence in this sector. At Maven an IELTS aspirant finds everything he needs, Guidance, Study Material, Mock Tests, Environment and Practice.

The students of this institute can never tell their success stories without including the great role you have played in their life's. I would like to thank all maven members you people are working so hard. And special thanks to my favourite Namita ma'am though we've never seen your cape or mask but we see your superpowers everyday. You work with such determination and sincerity. Thanks for being a super teacher

The collage consists of 18 individual photographs arranged in a 3x6 grid. Each photo captures a moment of recognition or celebration at the International Education Carnival 2023. The subjects are diverse, including students, faculty members, and guests. The settings vary, with some photos taken on stage, others at tables, and some in group shots. The text 'International Education Carnival 2023' is visible in the background of several photos, along with logos of participating institutions like MAVI Institute and Ven Institute. The overall theme is one of achievement and international collaboration in education.
